T-TEC201

This powerful percussion drill is packed with some very clever features.

The most users friendly hammer drill ever made for complete control over a wide range of industrial drilling applications.

The detachable rear handle and switch converts the tool into barrel grip in seconds for confined drilling work.

Features:

- Power and comfortable handling.
- Removable main handle.
- Powerful 750 watt motor.
- Synchroneshed two-speed planetary-gear.
- Metal keyless chuck (1.5 - 13 mm).
- Electronic switch with variable speed for improved accuracy and less damage to screw-heads.
- Reversible action.
- Hammer action stop.
- Direct bit reception for reduced weight, reduced length and improved visibility when screwdriving.
- Service hatches for carbon brushes.
- FIXTEC - The quick drill bit changing system.
- QUIK-LOK - patented system for fast change of cable.
-

Specifications :
