HD18JS-32C

The M18 Cordless Jig Saw is Milwaukee's first jig saw powered by LITHIUM-ION. The HD18JS-32C delivers accuracy, versatility and ease of use. The 5-Position orbital setting offers more cutting versatility than any other cordless jig saw on the market. This allows the user to select the type of cut or speed specific to their application. For ease of use, the tool-free shoe bevel allows for quick and accurate shoe adjustments, while the Quick-Lok™ Blade Clamp provides fast and easy blade change.

Features:
• Quik-Lok™ Blade Clamp- Provides fast and easy keyless blade change
•Tool Free Shoe Bevel with Positive Stops- Allows for quick and accurate shoe adjustment. The tool free shoe bevel with positive stops allows for a maximum 45 degree bevel in either direction with detents at 0, 15, 30, and 45 degrees.
•Position Orbital Cutting-Milwaukee 5-position orbital cutting offers the most versatility for application specific cutting than any cordless jig saw on the market.
•Over-Molded Grip with Variable Speed Trigger- Provides optimal control for cutting a variety of materials
•Non-Marring Shoe- Protects the work surface from damage
• Built in LED light illuminates the work surface.
• 18V 3.0 AH Li-Ion batteries deliver high runtime and increased durability.

Specifications:

• Voltage system	18V
• SPM	2200
• Stroke Length	25mm
• Bevel Capacity	45 Degree
• Orbital Setting	5
• Tool Free Blade Change	Yes
• Tool Free Bevel	Yes
• Tool Length	265mm
• Weight with battery pack	3.5Kg

• Includes : 2 x 18v XC High Capacity 3 Amp batteries, charger & carry case.

6 Year Warranty on the Tool and 2 Year Warranty on the Batteries and Charger
